

Quick Start Guide

Accessing Secure Email via the Microsoft Outlook App Software Tokens

Instructions for Using Secure Email via the Microsoft Outlook Application (App) with your **Software** RSA Secure ID token.

First time users are required to install the Microsoft Outlook App on mobile devices and add your Email Account (refer to Steps 1 and 2 for instructions). Users who have already installed the Microsoft Outlook App should proceed to Step 3 for directions on using the App with your RSA token.

<p>Step 1: First time users only: From the App Store on your mobile device, install the Microsoft Outlook App.</p> <p><i>Note: Android device users may be prompted to create an 8-digit PIN when installing the App.</i></p>	 <p>The screenshot shows four app store icons: the Apple App Store, the Google Play Store, the Windows Phone store, and the Amazon App World. A bracket groups these icons, pointing to a larger screenshot of the Microsoft Outlook app listing. The app listing shows the Microsoft Outlook icon, the text 'Microsoft Outlook - email and calendar', 'Microsoft Corporation', and a 5-star rating with 51 reviews.</p>
<p>Step 2: Enter your work email address and click Add Account.</p>	 <p>The screenshot shows the 'Add Email Account' screen. It has a blue header 'Add Email Account'. Below it is the text 'Enter your work or personal email address.' followed by a text input field containing 'yourname@provider.com'. At the bottom is a grey 'Add Account' button.</p>
<p>Step 3: Enter your work email address and password. (<i>This is the same email you use to log onto your work computer.</i>) Then click "Sign In".</p>	 <p>The screenshot shows the 'State of New York Enterprise Single Sign On' screen. It has the text 'Sign in with your organizational account'. Below this are two text input fields: one for the email address 'jane.smith@its.ny.gov' and one for the password. At the bottom is a blue 'Sign in' button.</p> <p><small>This system, its applications and data belong to the State of New York. Access and use is limited to authorized users for authorized purposes. Actual or attempted unauthorized use is not permitted and may be a crime subjecting you to disciplinary, criminal, civil, and/or administrative action. You are responsible for any activity attributed to you or your user-ID upon entering this system, and are expected to: 1) Comply with all relevant federal, state, and agency policies, laws, rules, and regulations, 2) Access only systems and information to which you have been authorized for authorized purposes, 3) Not attach or install unauthorized software or hardware to this network or a workstation connected to it, 4) Report any abuse or misuse of this system to the ITS Customer Care Center (1-800-697-1323) and if applicable your supervisor and agency Information Security Officer and cooperate fully in any investigation.</small></p>

Quick Start Guide

Accessing Secure Email via the Microsoft Outlook App Software Tokens

Step 4: Enter your Token Code.

To obtain your token code, open the RSA SecurID App on your mobile device and enter your Personal Identification Number (PIN) when prompted.

State of New York Enterprise Single Sign On

Welcome

For security reasons, we require additional information to verify your account

Enter your RSA SecurID passcode.

Submit

Secured by RSA®

Note: Once the App is installed and your email account has been added, you will occasionally be prompted to re-enter your credentials and RSA SecurID token code to access email via the App. Refer to Steps 3 and 4.

Need additional information on RSA SecurID Tokens, including instructions on how to reset your RSA PIN Code?
