Before the meeting

How to create polls & set up Q&A in slido.com

webex

Slido as standalone

- Slido will remain as a standalone solution

- Slido works alongside most video conferencing platforms, live streaming tools and presentation softwares
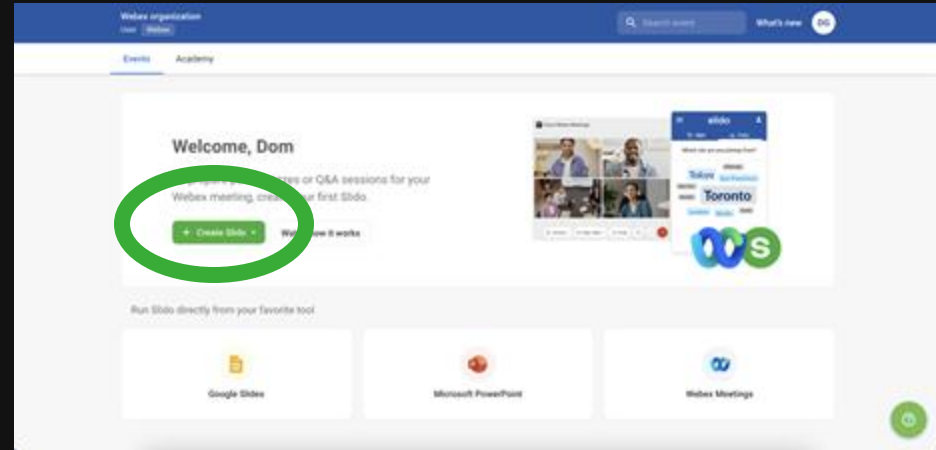

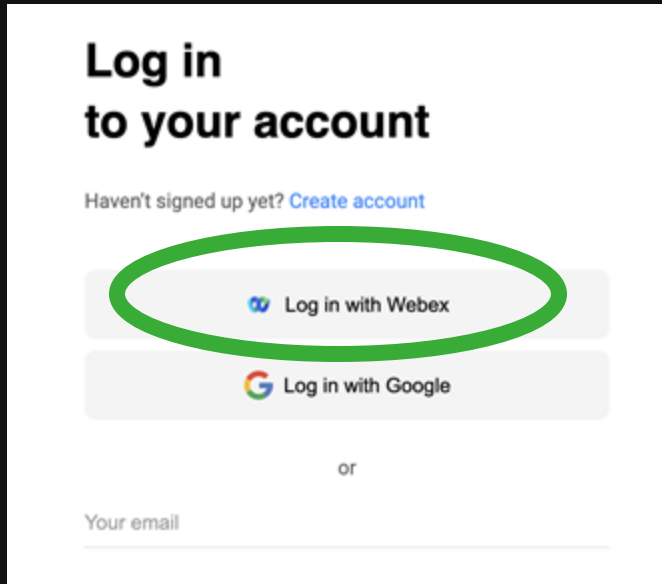

webex

Before the Meeting:
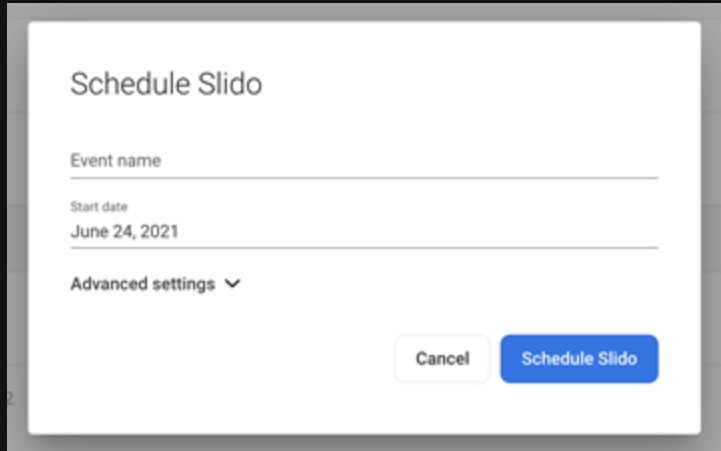

1. Go to slido.com and choose "**Log in with Webex**"

(You will be automatically authorized with your Webex credentials)

2. Click "Create Slido" **to start**

webex

Before the Meeting:

3. Schedule your Slido and **set up your polls and Q&A**
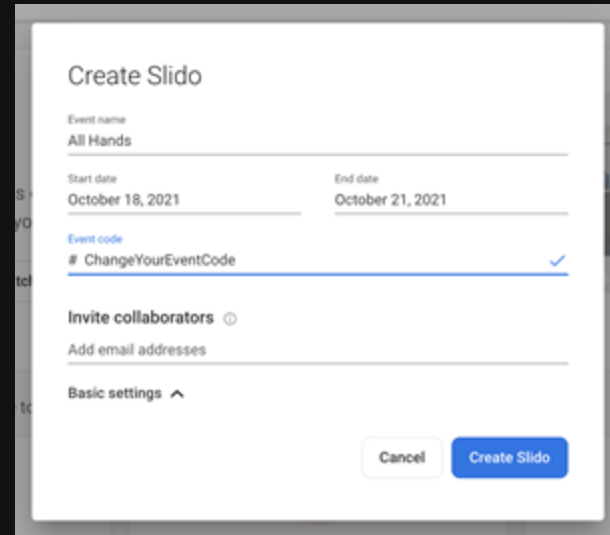

(You can prepare this anytime before the meeting)

4. Change the Event Dates and **Event Code (#)** in **Advanced Settings** if required

webex

How to set up your polls:

In the **Live Polls tab:**

1.   **Select a poll type**

2.   **Type in your poll question** (and options)

3.   **Hit save**

💡 **Learn more** here
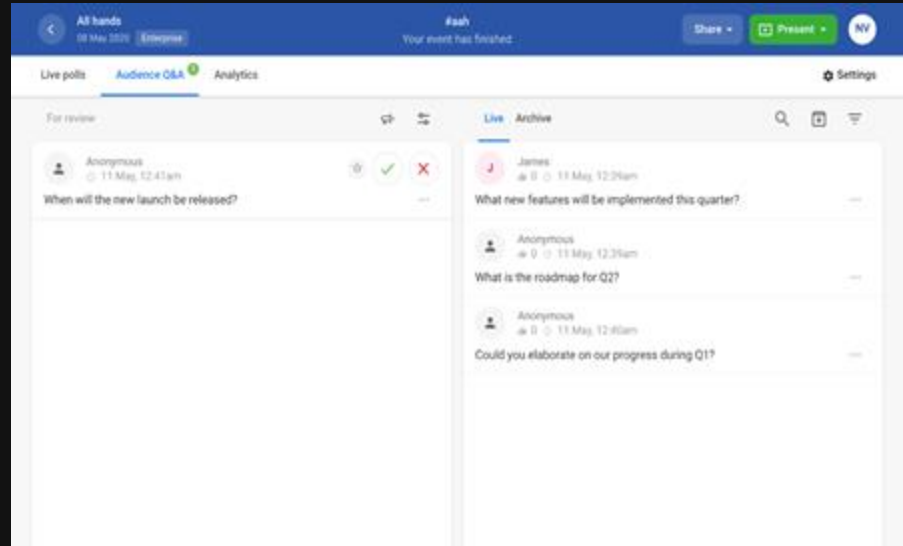

webex
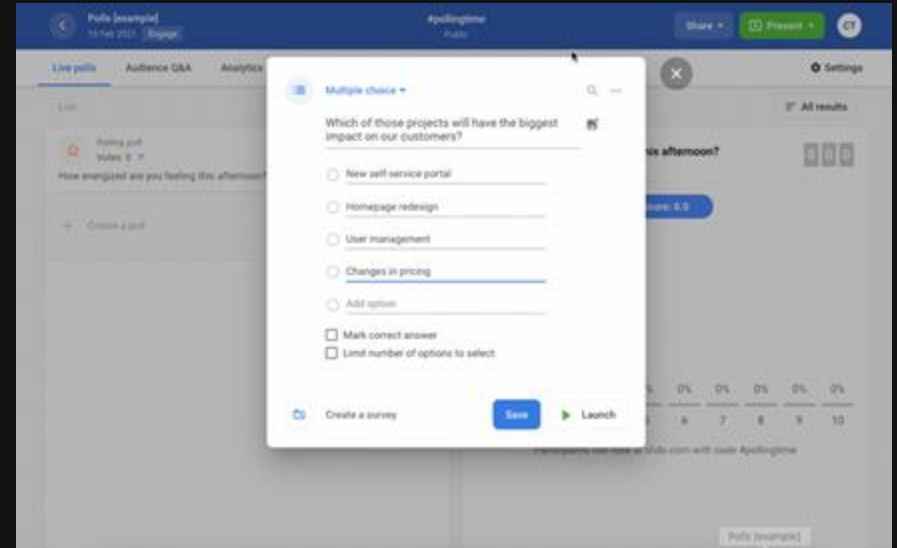

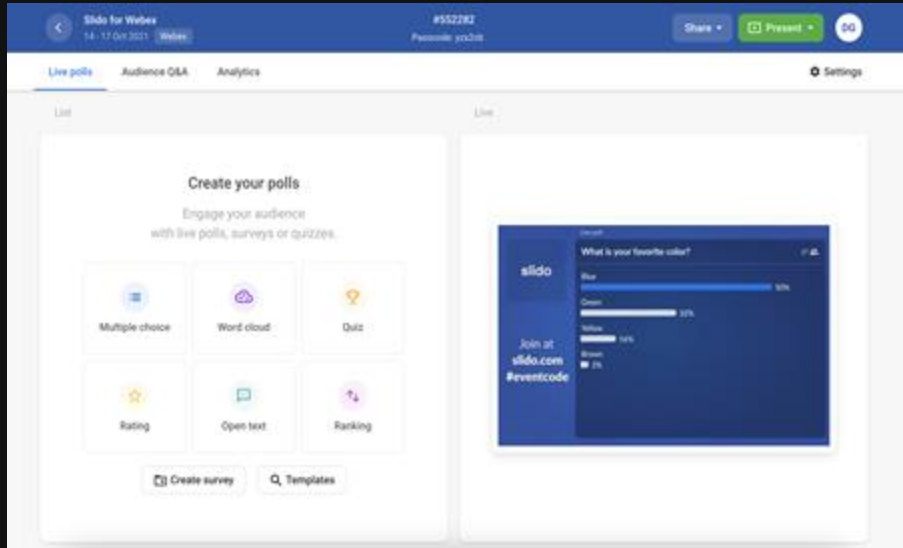

How to set up your Q&A:

In the **Audience Q&A tab:**

1. **Turn on Moderation**
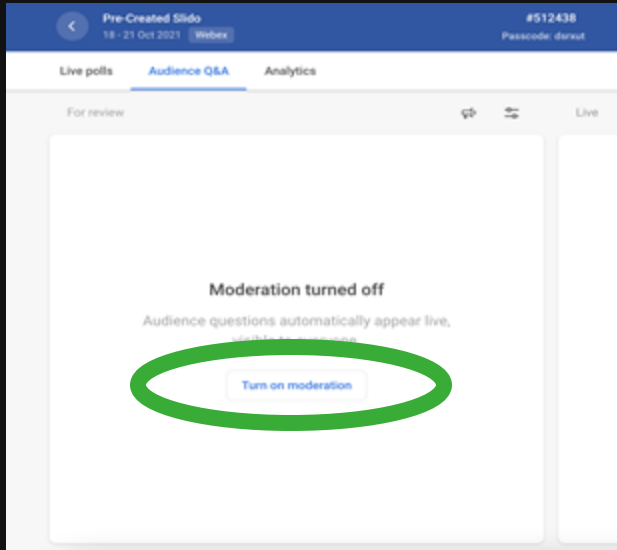

2. **Review incoming questions** (optional)
   You can Approve or Dismiss any questions from here

Learn more here

webex

Share access for help
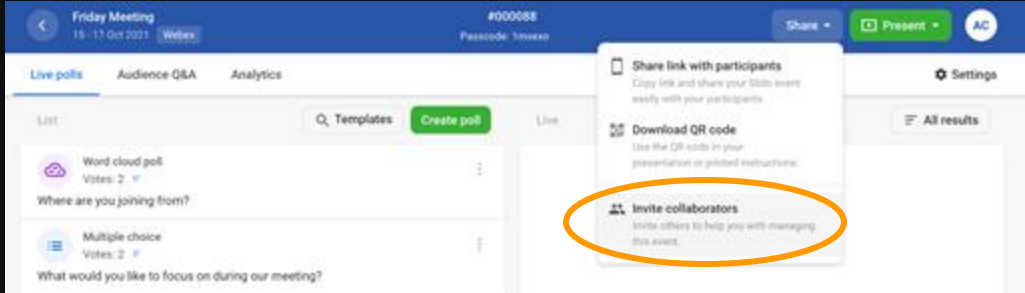

Collaborators can create/edit polls, manage polls and Q&A, but only the owner of the Slido can see and change the settings

Send people to Slido beforehand

03
During the Webex meeting

- **Add pre-created Slido to Webex**
- **Host view**
- **Attendee view**

webex

Activate Slido:

1. **Schedule and launch a Webex meeting**
2. **Open "Apps"** and **select Slido**
   (You will be automatically authorized with your Webex credentials)
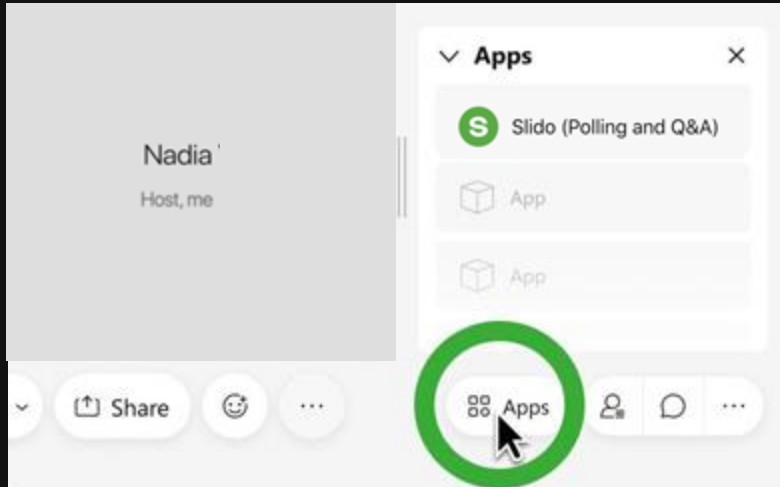

3. **Choose your** "Pre-Created" Slido **session**
   (Select your event from the list)
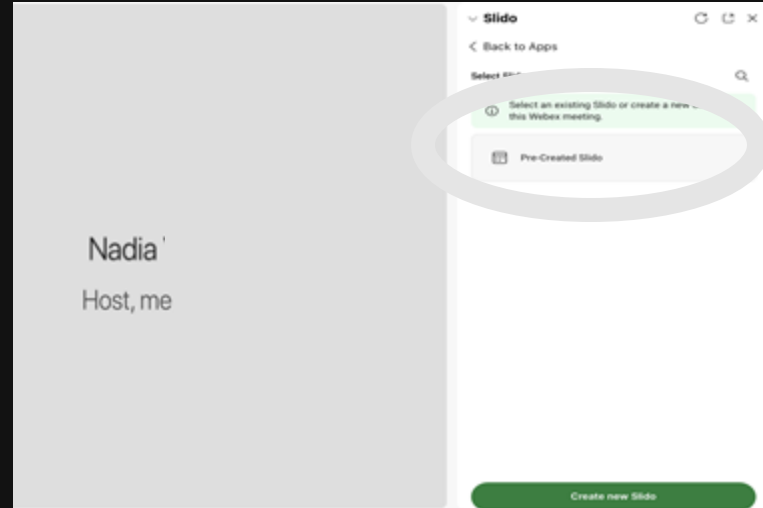

webex

Activate Slido:

4. **Activate your Poll** by clicking on the **Green button**

   (Only 1 Poll can be active at a time)
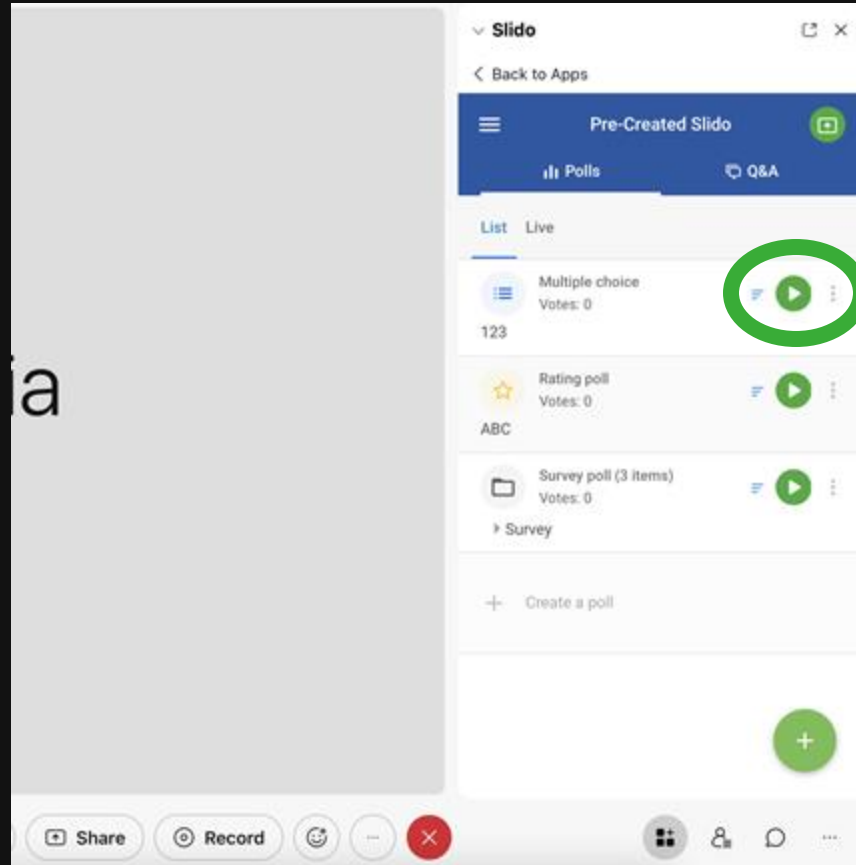

Host view

- **Please note: Only the meeting host can run Slido in Webex meetings**
- **The host view of Slido is only available to the host**
- **Participants will see the attendee view**
- **Guest collaborators can help manage the polls/Q&A through slido.com**
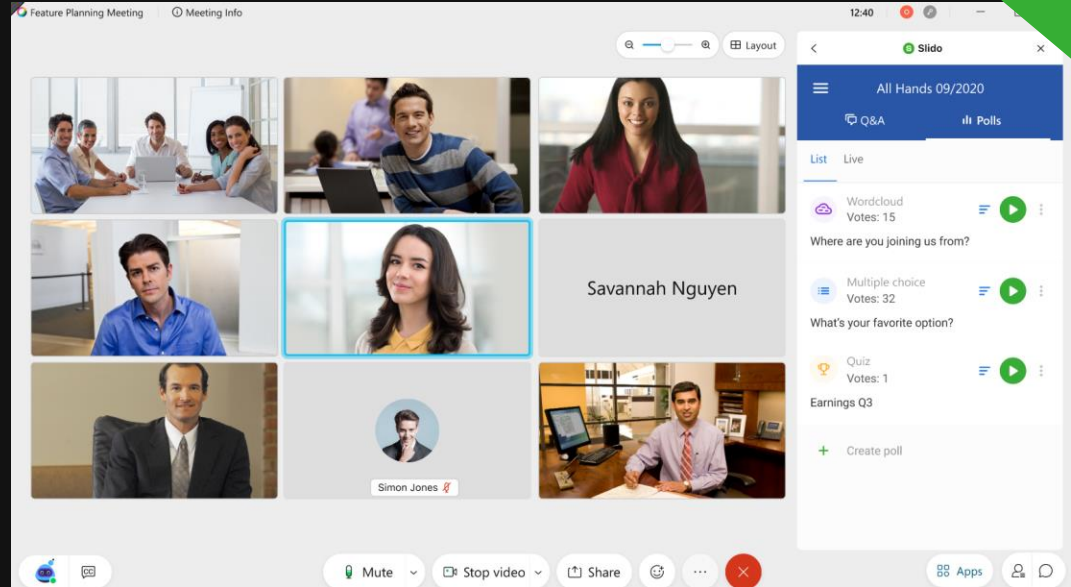

webex

Attendee experience

Once the host added Slido to the Webex meeting, **the audience will automatically see it** right next to the video call.

Note: If the Q&A is disabled, attendees will only see the Slido sidebar during an active poll.
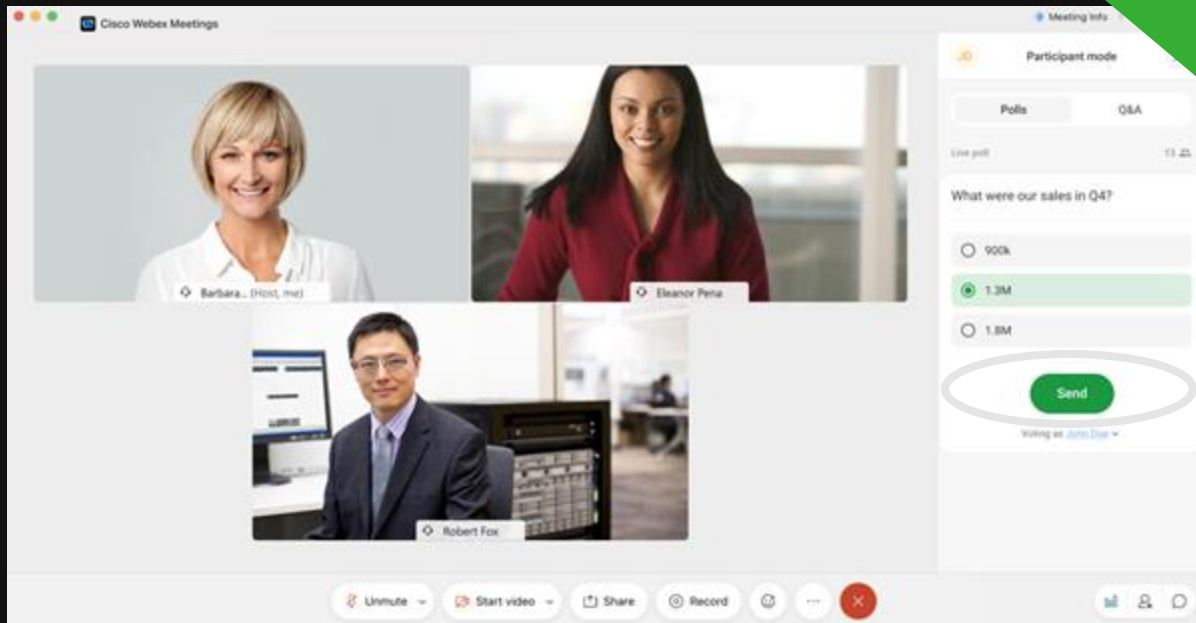

webex

Alternative ways for attendees to join Slido

If attendees are not joining directly through Webex (e.g. during in-person or hybrid meetings), there are three other ways how they can join Slido:

- At **slido.com** with an **event code**
  learn more

- By scanning the **QR code**

- Via **direct link**
