

New York State Cyber Incident Reporting Procedure

What to Report?

Any adverse event that threatens the confidentiality, integrity or availability of government resources, or that involves misuse of computing resources or is disruptive to normal system or data processing operations, including:

- Misuse, criminal or unauthorized use of systems
- Data theft or accidental disclosure of data
- Unauthorized modification or deletion of data
- Web page compromise
- Credential compromise
- Unauthorized access attempts
- Denial of service
- Unauthorized changes to hardware, software or configuration
- Unauthorized or malicious software (malware)
- Unusual system behavior
